(3) According to the observations of source mentioned in paragraph 2, a total of 180 rocket Launchers must have been shipped to the Branse railroad station near the Littsbock-Schweinrich troop training grounds. This number is definitely believed to be incorrect, and the information is not considered to be plausible.

(L) On 14 June 1952, an element of the 312th 3ds RL Regt of the Fourth 3ds Locs Army was loaded at "borswalde and left for Lieberose on a train Sec 1 Possibly this element returned to its none station as early as 17 June 25X1A

1952. (*) The identity of the troop train from Wustermark is undetermined, as the train has been listed without a receiving station.
